EDUCATION & ENTERTAINMENT IN ONE FIELD TRIP!

EDUCATIONAL

Dear Superintendents, Principals, and Teachers: Several teachers have requested that we write and give their principals an overview of our facility, Adventure Kingdom. We also wanted to personally assure that we will give your students not only a clean safe environment to celebrate a great year of accomplishments, but also an educational experience. We are a renaissance themed family entertainment park with an original 1932 log cabin on the premises. This gives us the unique ability to educate children in two very diverse periods. We have developed a curriculum for each time period. The first is our frontier life curriculum. This helps students understand the daily life of an early settler in the Southeast Texas region, and how log cabins were constructed. The renaissance curriculum will take the kids overseas and to the days of knights and castles, and lore. We have age appropriate fun facts to share with the students to give them a feel of how the lowliest person to the King of the land would have lived on day to day basis. We encourage you and your personal family to come out and get a guided tour of our facilities.

Last year, over 3000 Students from Southeast Texas visit Adventure Kingdom. Winners of Best Family Entertainment for 2008, 2009, 2010 and 2011.

ENTERTAINMENT

PUTT. BUMP. PADDLE. POP.

"We had an AWESOME time at Adventure Kingdom. The students really enjoyed themselves as well as the teachers. We loved the safeness of the fenced areas. It was awesome and we have told everyone how wonderful it was. We have had many inquiries from teachers wanting to bring their own children. You guys were wonderful! Thanks for making our trip one to remember!!!"

- Three Attractions \$9.00pp
- Unlimited Play \$12.00pp
- Water Wars \$1.00/bucket

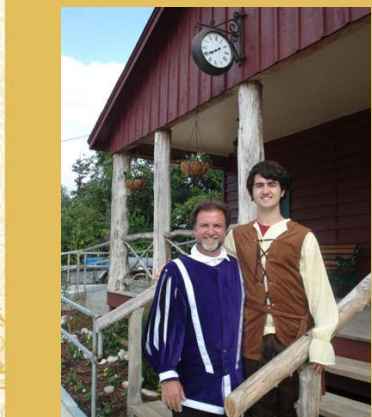

QUESTIONS

Call (409)751-5464 or Email
fun@adventurekingdom.com

Putt your golf ball into a real working catapult. Bump your teachers in our zero-turning bumper cars and not get sent to the principal. Make your PE coach happy by doing laps around our pond in giant swan

paddle boats. Launch a water balloon at your friends, hit the target, and then laugh with everyone when a siren goes off and a box of water blows up on them. Challenge your class to a game of volleyball, play a game of horseshoes or toss a Frisbee to your classmates. Pack a sack lunch or get Domino's to deliver a great pizza deal. Feed the fish and turtles in the pond. Our number one goal is to treat and serve your school like our own family. Your success is our success!
